PRESENT DISPUTE RESOLUTION WORK

My practice is almost exclusively as a mediator, focusing services on multi-party, multi-issue litigation, including coal mining disasters, class actions, automotive product liability, medical malpractice, labor and employment, pharmaceutical, insurance and major personal injury cases. I have mediated thousands of state and federal court cases.

FEE SCHEDULE

The hourly rate for mediation depends upon, among other factors, the nature and complexity of the particular matter/case and includes travel time. In some instances, a daily rate may apply. The parties are also responsible for expenses incurred. Unless otherwise agreed, the total amount of the invoice will be divided evenly between the parties.
